

# Test Certificate in accordance with ISO/IEC 21964-2:2018

(Cert\_AV\_19)

BFUB CERT Umweltprüfungsgesellschaft mbH hereby certifies that  
the company

**Dansk Sikkerhedsmakulering  
Poul Schou A/S  
Logistikvej 25B  
DK - 5250 Odense SV**

meets the ISO/IEC 21964-2:2018 requirements regarding machines intended for destroying data storage media as determined during the on-site inspection on 2023/03/14 and 2023/03/15.

As part of the on-site inspection following security levels has been demonstrated by testing the shredder by means of sieve analysis of appropriate shredded material:

Lochdurchmesser des eingesetzten Siebkorb	Maschinentyp	Ermittelte Sicherheitsstufe	Ermittelte Durchsatzleistung
35 mm	ReTec 2017-05-2021 (EG 48 12)	H-4	1,3 t/h
35 mm	ReTec 2017-05-2021 (EG 48 12)	P-2*	2,2 t/h
35 mm	ReTec 1807-12-2018 (CX 91 09)	H-4	1,9 t/h
35 mm	ReTec 1807-12-2018 (CX 91 09)	P-2*	2,1 t/h
35 mm	ReTec 1403-12-2014 (CN 97 073)	H-4	5,6 t/h
35 mm	ReTec 1403-12-2014 (CN 97 073)	P-2*	2,1 t/h
35 mm	ReTec 1204-01-2013 (AE 66 11)	H-4	3,4 t/h
35 mm	ReTec 1204-01-2013 (AE 66 11)	P-2*	2,1 t/h

\*according to DIN 66399-1:2012-10, chap. 5.2 there is the possibility of increasing the security level for the presentation of information in its original size to P-3 from a throughput of at least 100 kg by mixing and additional pressing of the shredded material.
